HEY EVERYONE!

Self Denial is the time of year when we take a closer look at how The Salvation Army helps people all around the world.

Did you know The Salvation Army has corps and centres in more than 130 countries around the world? And each one is sharing the love of Jesus and helping people in need.

This year's theme for Self Denial is 'Love in Action'. Over the next few weeks, we'll see how taking action to help someone, even in a small way, can make a huge difference now and in the future.

We'll visit Indonesia, Tonga and the Philippines and discover how The Salvation Army helps people and communities in these countries. Come with us to visit kindergartens in Tonga, see how the Salvos are helping kids and communities in Indonesia, and check out how families in the Philippines are building their own small businesses. All these projects are made possible by money raised during Self Denial. COOL!

How are you going to raise money for Self Denial this year? Don't forget, even a small amount can make a big difference in the lives of others.

Make your way through the maze to help the Kidzone team on their Self Denial journey!

Dear God,
Thank you for the kindergartens in **Tonga** and the wonderful impact they have on the children.
Thank you for the helpful chickens in the **Philippines** in the SIKAP program.
And thank you for the girls being helped in Bandung and the help given to those impacted by earthquakes and tsunamis in **Indonesia**.
I pray that everyone's Self Denial donations make a difference in the lives of others around the world.

Amen

We've learnt so much about Indonesia, Tonga and the Philippines, as well as the amazing work The Salvation Army is doing in these countries. Bring in your Self Denial money boxes and keep praying for the communities we've visited. Pray that God will use your money to help people in need through The Salvation Army.

WEEK 2

Hey class. I'm Jym. You'll never guess what I've got in my bag ...

It's got something to do with how The Salvation Army can help families in the Philippines.

They can provide families with ... CHICKENS! Ta-da!

Not only chickens but they provide them with a class in business.

The chickens provide them with food ...

... and the business classes teach them how to use the chickens and the eggs to earn their own money.

Learning how my Self Denial money is used in such a practical way is so exciting.

I love giving to the Self Denial Appeal. It really is Love in Action!

bok.

LET'S JET BACK TO INDONESIA, this time to an area known as Central Sulawesi.

In 2018, Central Sulawesi was devastated by a massive earthquake and tsunami. More than 2 million people were impacted. Many people were injured and lost their homes.

Ever since this natural disaster, The Salvation Army has been helping people affected by the earthquake and tsunami. They have rebuilt many corps and more than 180 houses. Many more buildings have been repaired.

Wonderful work like this has a massive impact on thousands of people and transforms lives and communities. And it's all possible because of the money raised by generous people around the world.

Next week is our last week of Self Denial so don't forget to bring in your money box!

Top 5

Indonesia is home to some incredible creatures! Let's take a closer look at Indonesia's Top 5 animals.

KOMODO DRAGON

The heaviest lizards on Earth, Komodo dragons are found on Indonesia's Lesser Sunda Islands. They can grow up to 3 metres long and weigh up to 135 kilograms.

PYGMY TARSIER

The pygmy tarsier is found in central Sulawesi. They are nocturnal, have large eyes and ears and are just 10 cm long.

JAVAN RHINOCEROS

The critically-endangered Javan rhino is now found only in Ujung Kulon National Park in west Java. Just 76 rhinos remain in this one population.

SUMATRAN TIGER

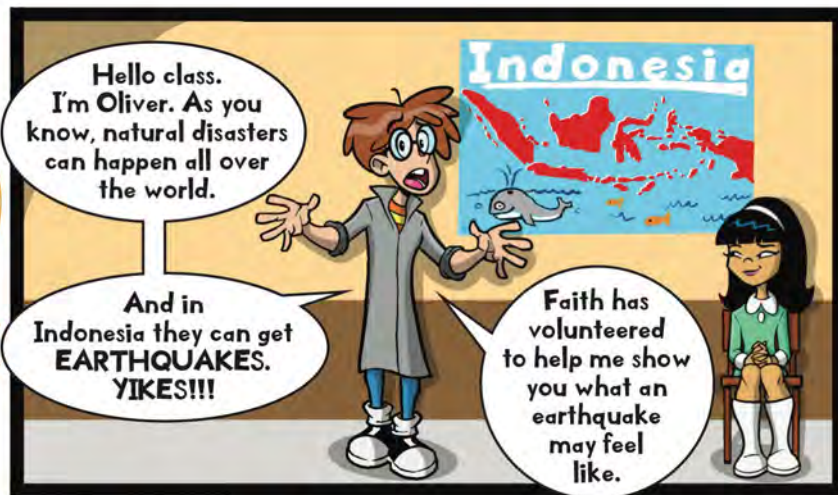

Native to the island of Sumatra, this is the smallest subspecies of tiger. Its stripes are closer together and its fur is a darker orange than other tigers.

BORNEO ELEPHANT

These are the smallest Asian elephants (sometimes also called pygmy elephants). They have very long tails and large ears for their size.

OUR FIRST STOP FOR SELF DENIAL 2024 IS THE PHILIPPINES.

We're about to see how The Salvation Army help families in the Philippines to raise chickens and build their own businesses.

We'll meet Donato, who is 11 years old and loves learning about science and how the world works. Donato lives in a small village with his family and they go to the local corps. Donato plays drums in the worship band – cool!

Donato's family first came to The Salvation Army for some help. They joined a program which helps families earn a stable income so they can pay school fees and afford food.

The family were given five chickens and some training on how to look after them. Now, Donato's family have more than 50 chickens and make a good profit selling the chickens and the eggs. They have a reliable income and food for the whole family.

It's awesome to see how the Self Denial money we raise goes to so many programs that help people like Donato and his family.

The Philippines, made up of more than 7100 islands, is located in south-eastern Asia between the South China Sea and the Pacific Ocean.

About a third of the islands are inhabited.

Its official name is the Republic of the Philippines.

Its currency is the Philippine peso.

The official languages are Filipino and English, although more than 100 languages are spoken in the Philippines.

Its national bird is the Philippine eagle.

Many active volcanoes are located on the Philippine islands, including Mt Pinatubo which erupted last in 1991.

More than 500 species of birds live in its rainforests, with a third of these species not found anywhere else in the world.

Its main export products are sugar, coconuts, electronics, transport equipment and minerals.

There are also about 100 mammal species that are found only in the Philippines.

It has a population of almost 111 million people. About 14 million people live in its capital, Manila.

Champorado

I'M MAKING... (CHOCOLATE RICE PORRIDGE)

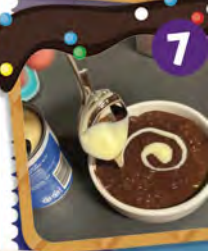

what you need:

- an adult's help, 1 cup glutinous rice*,
- 6 cups water, pinch salt, 1/4 cup cocoa powder, 85g dark chocolate (roughly chopped), 1/4 cup dark brown sugar, 1 tbsp sweetened condensed milk

directions:

- 1 Rinse and drain rice.
- 2 Add rice, water and salt to a heavy-based saucepan and stir to combine.
- 3 Ask an adult to help you place on stove on medium-high and bring to a boil.
- 4 Once boiling, reduce heat to a simmer. Continue to heat uncovered for 15 to 20 minutes – stirring every few minutes – until rice is soft and cooked through.
- 5 Add cocoa powder, chocolate and brown sugar and stir to combine.
- 6 Cook on low heat until the chocolate and sugar have melted.
- 7 Remove from heat and divide among bowls. Drizzle with condensed milk before serving. (Porridge can be served warm or chilled.)

DID YOU KNOW?

... Champorado is a traditional breakfast dish in the Philippines. It is traditionally served with salted fish or bread.

* Glutinous rice is a short grain rice also known as sticky rice. It is high in starch which makes it perfect for porridge. Find it in the Asian food aisle of the supermarket.

Can you draw Tonga's flag?

Don't forget to add your donation to your money box!

What is the national flower of Tonga?

Write a prayer for Tonga.
